What Does the Bylaw Guide provide? The guide provides a Do-It-Yourself format for the preparation of your bylaws.

A step-by-step process is outlined in the guide. This ensures that the strata corporation, usually comprised of volunteers, directs its mind to the major issues while taking steps to avoid the pitfalls. The guide includes direction for every stage of the bylaw making process, including:

- [How to deal with unit owners](#)
- [How to undertake the bylaw review](#)
- [How to amend bylaws](#)
- [How to repeal bylaws](#)
- [How to draft bylaws](#)
- [How to present bylaws](#)
- [How to approve bylaws](#)

The guide is user friendly and structured to direct non-lawyers on how to properly address bylaws. The instructions are written in ordinary language.

The bylaw review, drafting, approval and registration process is complex, difficult and time consuming. It should not be taken lightly. Not all strata corporations have the funds or the budget to engage legal counsel for the purposes of completing this process. The result in some cases is that bylaws are less than adequate.
